

2024 Endorsement Renewal Tutorial - Attestation Process

July 2024

New Endorsement Renewal Process

The Alliance for the Advancement of Infant Mental Health is dedicated to supporting a high quality culturally sensitive relationship-focused workforce.

One way we achieve this is through Endorsement Renewal, which ensures you maintain up to date skills and knowledge, uphold quality and culturally sensitive standards, and preserve credibility.

To create a more equitable and accessible system, we have updated our renewal process.

While the annual training and RSC requirements remain the same, the process within EASy - and the renewal time frame - have been adjusted.

This brief tutorial will guide you through the new endorsement renewal process.

Renewal will now be completed via attestation and occur every 3 years.

Renewal Attestation

Please review each [renewal requirement](#) and attest to having successfully obtained each requirement. Failure to attest will result in removal from the Endorsement registry.

I have attended 15 hours of required I/ECMH training (1 of which was specific to DEI).

I have and will continue to maintain association membership.

I have not met renewal requirements; I understand my Endorsement will no longer be active and will be removed from the Endorsement Registry. I will reach out to my Endorsement Coordinator to reinstate my Endorsement when ready.
